# Welcome

**To our wonderful guests,**

Thank you for joining us tonight to celebrate and advance the important work of the St. Francis Sailing Foundation. This is our eighth annual auction. Each year the auction has grown in its popularity. Each year the Foundation's grant making has grown thanks to your participation which has allowed us

to continue to promote, support and enhance the sport of sailing. Thank you so much for attending tonight. Your generosity makes it all possible, and on behalf of the many sailors we support, the just-getting-started Junior to the world-class competitor, the student, the Olympic hopeful and the adaptive sailor... thank you again!

We hope you enjoy the evening, bid enthusiastically and remember the joy our wonderful sport has brought your way. Consider giving just a little back, this evening.

Sincerely,

Carolyn Patrick  
President  
St. Francis Sailing Foundation

# St. Francis Sailing Foundation Grantees Excel at Many Levels

Your generous support is promoting sailor excellent from fast juniors to the Olympics. At the London 2012 Olympics, Foundation grantees will sail in four events! Some of our stars, Olympic and other:

## Paige Railey

Paige won bronze in Laser Radial in a 102-boat fleet at ISAF World Championships in December, thus securing a berth on the 2012 US Olympic Team. "I think the excitement of winning a bronze medal is all over and it's starting to sink in that my brother and I are going to the Olympics, it's pretty exciting", said Railey after finishing the regatta. Paige is currently ranked #5 in the world.

## Zach Railey

Zach, 2008 Olympic silver medalist in Finn class, is hungry for gold, and has a plan to achieve his goals in 2012, training and competing 200 days a year. Since 2008 Zach has continued his success in the Finn class, will represent USA in the 2012 Olympics, and is currently ranked #5 in the world. He won the Finn class at Miami OCR in January.

## Farrah Hall

Although Farrah earned US Olympic Team selection, the USA did not qualify a berth in the women's RS:X windsurfer at ISAF Wolds. She won silver in January at the Rolex Miami OCR. Farrah is known for her incredible work ethic and physical fitness, and is a dedicated competitor. We are hopeful she will win a berth for USA in Cadiz, Spain in late March.

## Genny Tulloch, Alice Marnard Leonard and Jenn Chamberlain

Genny and her crew of Alice Marnard Leonard and Jenn Chamberlain are dueling it out for an Olympic berth on the Elliott 6m (Women's Match Racing). Stiff competition includes our grantees Anna Tunnacliffe and crew. Trials May 4-9 will determine who makes the US Olympic Team in Women's Match Racing.

## Anna Tunnacliffe, Debbie Capozzi, and Molly Vandemoer

Anna, winner of US Sailing's Rolex Yachtswoman of the Year for the past four years, and her team are also competing for the US Olympic Team berth in Women's Match Racing.

They have sailed to podium finishes in three ISAF Sailing World Cup events and won the ISAF Sailing World Championship in December.

Tunnacliffe, 2008 Laser Radial Olympic Gold Medalist recently said "For many of you, the idea of having to beat one boat at a time instead of the 50 or 60 in a regular fleet race may seem a little simple", referring to match racing, "but it is about mastering a complex task."

## Johnny Heineken

The amazing Johnny Heineken was a finalist for 2011 Rolex Yachtsman of the Year. He was nominated after a terrific year of victories, including 1st of 62, 2011 Course Racing World Championship; and 1st, 2011 North American Championships. He is St. Francis Yacht Club's 2011 Sailor of the Year.

*It is sailors like these whom the St. Francis Sailing Foundation seeks to support in their quests for greatness. Like any sport, greatness is achieved by countless hours of practice and competition. It takes international training and experience to compete against the best and become the best. Monetary grants from the Foundation help Olympic contenders focus their energies on improving their championship skills, and support their travel and coaching budgets. As Genny says, "It's challenging to be a great sailor and a great fundraiser, as time spent on one is time taken away from the other."*

WE'LL FLIP FOR YOU!

Junior Sailors Everywhere.*

### Fund-A-Need

#### "Supporting Our Competitive Sailors!"

The St. Francis Sailing Foundation is proud of our accomplishments over the last several years. The athletes we support are representing the United States in the 2012 Olympics in London, they have won world championships, become collegiate all Americans and have been nominated for Rolex yachtsman and yachts woman of the year. These accomplishments are outstanding, but take years of training to achieve.

Like any sport, to compete at the highest level one must have skill dedication and commitment. This also requires a significant investment of time and other resources over many years. Our foundation recognizes this and is dedicated to support our athletes as juniors, during their initial and ongoing development into their Olympic campaigns. Your support enables us to provide these resources and produce these exceptional results.

We encourage everyone to participate in this year's fund-a-need which will support the ongoing development of our athletes and the overall sport of sailing in America.

Your auction purchases for this evening will allow the St. Francis Sailing Foundation to help sailors, like tonight's auction volunteers listed on the following pages.

## **Sarah Bunney – 15**

I compete on the Convent/Stuart Hall High School Sailing Team I like sailing, because it's a mental sport just as much as it is a physical sport. My favorite day sailing was during early fall, it was a beautiful day on the water, and I could not stop smiling. Everyone was in a good mood, and it was a really enjoyable experience.

## **Lola Bushnell - 16 - Waldorf School**

I started sailing in the Opti and now I am sailing the CFJ for high school sailing. My main focus is the laser radial which I sail on an international level. My favorite day sailing was in LA when a storm was coming in and it was 25-32 knots with 8 foot waves so racing was canceled. About 8 of us from the 60 boat Laser fleet went out. That was definitely the most fun

that I have ever had sailing, maybe the most fun I have had in my whole life.

## **John Tucker Childs – 18**

I have sailed FJ's, 420's Lasers, Lightnings, Bugs and Mangoes. My favorite memory is winning my first race. It was against my best friend who I had never beat. The race was close, we kept passing each other and I ended up in first.

## **Francesca Dana - 16**

I am on the San Francisco Laser Team and captain of the Convent/Stuart Hall High School Sailing Team. I also volunteer with the Blue Water Foundation. Sailing has taught me to be a more disciplined athlete and student. Sailing has also introduced me to many new people, and now I have friends from all over California and the world.

## **Will Dana - 15**

I am a laser sailor, a high school FJ sailor for The Branson School and sailed optimists when I was younger. My favorite memory sailing was the week of practice leading up to the 4.7 worlds. In about 23 knots of breeze my team and I would sail up the bridge then reach all around the bay.

## **Max Hamker - 16 - Lycee Francais**

I like to sail Laser's, 420's, FJ's and Hobie Cats. My favorite memory is sailing past the bridge on a windy day and then surfing big rolling waves on the way back in.

## **Marguerite Hermand - 14**

I learned to sail at a City front sailing camp at the St Francis in 2009 and after a week of sailing I joined the Opti Race Team and became a Junior Member. This year I sail for the « Lycee Français La Perouse sailing team » in the High School program. My favorite sailing experience was when I sailed with Genny Tulloch that I was lucky to meet when I received the Greer Trophy in 2009.

## **Altea Hines – 17 - Lycee Francais**

I sail with the High School sailing program and enjoy sailing FJ's and 420's. One of my favorite sailing memories is sailing all the way to the Golden Gate Bridge when there was a beautiful sunset in the distance.

## **Will Paulsen – 15**

I have grown up sailing with my father on Friday night races. I have also sailed 420s on the East Coast during summer vacation. I am on the Stuart Hall sailing team and love going to regattas. My favorite experience sailing was when I had the opportunity to go to Hawaii and sail in the Imu regatta this last November. It was really windy and competitive.

## **Nicolai Sponholtz – 15 - Lycee Francais**

He likes FJ's and Windsurfing. Favorite sailing memory was having a massive water war with the entire opti fleet on a hot summer day.

## **Sammy Shea – 14**

Attends The Bay School and sails Fj's, 420 and just about any keelboat that he can be invited on.

## **Nolan Van Dine - 15**

Attends the Bay School and competes on the high school sailing team. I like to go down wind on a reach with a spinnaker up. I like being able to sail on any kind of boat where ever I am.

## **Lawson Willard – 15**

Urban High School. I started sailing at age six. Since then I have sailed Opti's, Lasers and 420's. My favorite sailing experience was driving a Mumm 30 with Russ Silvestri and Claire Dennis in 30 Knots in the StFYC Interclub Regatta.

## **Natasha Wood – 16**

One of my favorite sailing memories was actually from last week. University High School was given a private practice, and the 5 of us went in 2 FJ's to try out match racing. The wind was really strong and coming straight from the club as we traversed back and forth, sticking as close to the other boat as possible. The thrill of trying to beat the other boat, combined with hiking out over the dark waters at sunset reminds me why I love sailing.
